

# Online Rolodex

Want select staff to be able to view contact data in iMIS - but nothing else?  
We can solve it.

Online Rolodex is the solution that allows personnel you select to have read-only access to relevant contact information without access to other parts of your iMIS database.

## Simple Solutions

- Web-based, read-only application
- Via intranet or extranet
- Define access limits by individual, level or group

## User-friendly for staff

- Easy database search tools
- Enables fast drill down to needed level of detail
- Access to key info, including contact, activities, member photos, more

## Powerful protection with customization

Complete password protection and file encryption

Customizable:

- To your specific needs
- Set colors/styles/fonts to match your organization's intranet site

we can solve it.
