

Web Services Suite

Are you unprepared for the new use of iMIS with your website? We can solve it.

Works with what you have

- Integrates iMIS with .NET, ASP, ColdFusion, or PHP
- Allows you to read and write information to your iMIS database while leveraging all of the functionality and design features of your applications

iMIS®

php

.NET

ASP

CF

Quickly implement solutions with minimal knowledge of iMIS

- Backwards compatible to iMIS 10.2 / forward compatible to iMIS 15
- Test-proven superior performance of ATS Web Services over other options
- Give your developers all the tools necessary to create dynamic and productive web pages without the need to redesign look, feel or functionality
- Bridge the gaps between many different platforms and the iMIS database

The ATS Suite of Web Services includes:

- Login Management
- Orders Processing
- Contact Management
- Fund-raising Processing
- Dues Processing
- Batch Processing

we can solve it.
