we can solve it.

Event Calendar iPart

Use Cases:

1. Clients who desire to have a calendar of events or event list on the home page of their RiSE website that they are able to control the look and feel as well as the actual list of events that are displayed.
2. Clients who will have multiple lists of events. (i.e. committee events vs. public events, multiple entity events, community specific events, etc.)
3. Clients that desire an “Add to Calendar” feature allowing users to add your events to their Outlook, Gmail, or iPhone calendars.
4. Clients who need to display events that are not setup as “Events” in their iMiS database. (i.e. events offered through a third-party site)

Event Calendar iPart

Key Features:

- * List View and Calendar View
- * IQA Driven Data
- * You control look and feel with CSS
- * Add to Calendar link
- * Events can link to any registration URL (can be used with third-party registration systems)

Event Calendar iPart

Examples

- * www.wasbo.com
- * www.amga.org
- * www.bsas.org
- * www.iaao.org
- * Wisconsin Association of School Business Officials
- * American Medical Group Association
- * The Boston Security Analysts Society, Inc.
- * International Association of Assessing Officers

Custom Query Display iPart

Use Cases:

1. Users who do like the flexibility and functionality of IQA to display data to members but do not like the way IQA queries are displayed.
2. Users who want to show profile pictures and other data to members before they log in.
3. Users that are familiar with CSS and want to be able to easily style their web pages that use IQA to display data.

Custom Form Creator iPart Suite

Use Case:

Any client who wants to build one or more mail-back forms using RiSE.

Custom Form Creator iPart Suite

Key Features:

Suite contains 6 different iParts:

- * Textbox
- * Drop-down list
- * Radio buttons
- * Checkboxes
- * Validation summary
- * Submit button

Using a combination of the above iParts you should be able to build out any number of forms to collect data and have that information emailed to staff members.

Custom Form Creator iPart Suite

Key Features, cont:

- * Data is not saved in iMIS so forms that are submitted anonymously can remain that way.
- * Multiple staff members can receive the email
- * Ability to make fields required, email format validation, phone number format validation, only allow numbers, limit the number of characters, and more.
- * Manage/edit your forms the exact same way you manage/edit any other RiSE content.

Custom Form Creator iPart Suite

Examples:

- * ATS' [Contact Us](#) form
- * SQA's [Submit a Question](#) form
- * NiUG's [Company Member Application](#)

My Courses iPart(s)

Use Cases:

- * Users who wants to display a list of courses to be completed and completed courses
- * Users who have any of ATS' Bridges
- * Users who desire a landing page (portal) to display and launch any courses
