

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2014.03.01

ENHANCEMENTS

- Implemented support for Global Payments Global Transport - Global Transport allows you to offer an off-site payment solution (similar to PayPal Express). In addition, added several other controls for payment notes and button labels.
 - New Store_Settings:
 - PaymentACHNote - Note that appears at the top of the ACH payment block
 - PaymentACHButtonText - Text on button to complete/process an ACH payment
 - PaymentCCNote - Note that appears at the top of the credit card payment block
 - PaymentCCButtonText - Text on button to complete/process a credit card payment
 - PaymentPONote - Text that appears at the top of the Purchase Order payment block. This replaces PurchaseOrderNote which is deprecated. PurchaseOrderNote will be honored for legacy purposes unless PaymentPONote is provided
 - PaymentGlobalPaymentsNote - Text that appears at the top of the Global Payments checkout block
 - PaymentGlobalPaymentsButtonText - Text on button to navigate to Global Payments site for checkout
 - PaymentGlobalPayments - When set to True enables Global Payments checkout option. Must also setup Global_Transport_Settings General Lookup Table
 - New General Lookup Table - GLOBAL_TRANSPORT_SETTINGS
 - GT_API_TOKEN - Global Transport API token received from Global Transport Service eCommerce Boarding site
 - GT_CONTENT_TEMPLATE_URL - HTTPS URL where merchant template resides. If omitted, the page will render without a template for use in the pop-up integrations
 - GT_PRODUCTION_URL - Global Transport production URL. This will be used if the Online Marketplace is NOT set to demo mode for payments
 - GT_PROFILE_ID - Global Transport Profile ID you received from the Global Transport eCommerce Boarding site. Unique account number from Global Transport Secure Page
 - GT_SANDBOX_URL - Global Transport sandbox URL. This will be used if the Online Marketplace IS set to demo mode for payments. NOTE: All test orders/registrations must be under \$11.00 or they will be declined

RESOLVED ISSUES

- Corrected issue with dues coupons not adjusting the price on products leaving a balance due.
- Corrected issue with receipts only displaying one subscription when multiples are paid.

we can solve it.
