

we can solve it.

# ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2014.03.04

## RESOLVED ISSUES

- Updated column reference in search from CAT\_DESC to CATEGORY\_DESC.
- Corrected issues with dues that caused object reference errors.
- Corrected issue with dues items were not sorting correctly. Now, each product type's products will sort by Pay Priority.
- Modified dues summary page to only show paid through date for items with a type of DUES.
- Corrected issue that was changing the Bill Date on previously-billed items.
- Corrected issue with not being able to use an asterisk (\*) in the Start\_Billing\_Category field in ATS\_DUES.

we can solve it.
