

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2014.03.05

RESOLVED ISSUES

- Corrected issue where ShowSpecials in Store_Settings was not turning off when set to false.
- Corrected issue when Ending_Member_Type or Ending_Billing_Category was set to asterisk (*) in ATS_DUES that caused the process to set either field to an asterisk (*).
- Corrected issue with checkout when Global Transport is the only payment method allowed and the price of an order is \$0.00.

we can solve it.
