

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2014.12.01

ENHANCEMENTS

General

- Added support for Telecheck Type 2 payments (CW19886)
 - New Store_Setting:
 - **PaymentTelecheckType** - Set to 1 or 2 based on your Telecheck account type
- Restrict coupon products by SQL view - this enhancement allows you to create a SQL view to select the products a coupon is eligible to be applied against

Administrative Portal

- Added 2 new reports to show the images for events and products (CW20102)
 - Products>>Product Images and Tasks>>Product Images
 - Events>>Event Images and Tasks>>Event Images

RESOLVED ISSUES

General

- Corrected issue with return to store URL's when login page was on a different server (CW20535)
- Corrected issue with Online Marketplace license keys (CW20453)

Billing

- Trap for errors in dues special pricing when using Flat Amount. If an amount is not set on the special pricing rule and error will be displayed (CW20455)

we can solve it.
