

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2015.04.02

ENHANCEMENTS

General

- Added file app_offline.htm_remove - ATS USE ONLY (CW24334)

RESOLVED ISSUES

General

- Corrected an issue where an event in a kit (Store_Kit_Events) could show in search results twice (CW23718)
- Corrected issue where the Anonymous ID (ConfigAnonymousOrderID) could purchase a product or register for an event (CW23726)
- Changed validation for payment authorization account in web.config to form a list of accounts in case there are multiple provider keys (CW22933)

Billing

- Modified display of AVAIL_CREDIT to show as a negative amount on myorders.aspx and receipts (CW23007)
- Corrected issue when trying to view a subscription product with a balance due (CW24340)

Donations

- Corrected issue where a change in licensing caused fund raising items not to appear on the donations.aspx page (CW24375)

we can solve it.
