ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: **2016.01**

ENHANCEMENTS

General

- Added ability to send address to payment gateway. (CW23871)
  - New Store_Setting: PaymentCCShowStreetAddress

RESOLVED ISSUES

General

- Update to Store_Setting, ConfigVaultRootPath, to not require a slash at the end of the path (CW24490)
- Update code for Real-Time USPS freight pricing to V4 of USPS shipping API (CW27368)
- Update web services to dispose SQL connections rather than close them (CW27077)
- Correct issue when using PayPal Express as a payment type when purchase orders are not enabled (CW27119)
- Correct issues when using multiple entities and split cart by entity where VOL dues donation transactions where not being created correctly (CW27388)

Billing

- Dues transactions will now update Name_Fin.RENEWED_THRU (CW26567)

Donations

- Corrected issue where fund raising item descriptions did not show in the shopping cart (CW27249)

Events

- Correct issue where event functions that were charged $0 were not appearing when editing a registration (CW26842)
- Added error trapping for records with invalid prefixes or suffixes to display a comprehensible error message because records with a prefix or suffix not in the PREFIX or SUFFIX general lookup table will fail (CW27776)
- Now honor sort order of survey questions (web setup wizard) and event questions (staff site) (CW27387)
- Corrected an issue where initial load of an event page with function limits would return an error (CW27988)
- Corrected and issue with add-to-calendar feature when event had no description (CW27989)
- Corrected issue when clicking on a yes/no question in an event could cause a string to number conversion error (CW27990)

Administrative Portal

- Corrected financial report in administrative portal that was reporting invalid cash accounts if you did not have multi-entity enabled (CW27204)
- Modify Validate Event Text audit report to report invalid characters correctly (CW25950)
- Correct issue with values not saving when updating Store_Settings in the Administrative Portal (CW25908)
