

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2016.05

ENHANCEMENTS

Events

- Additional Fields for Guest Badges – the new general lookup table Store_Event_Edit_Guest_Badge_Fields will allow you to control what fields are displayed for guest badges. You set each entry to one of the three settings:
 - READONLY – displays existing value from iMIS but does not allow changes
 - EDIT – displays existing value and allows editing
 - REQUIRED – same as EDIT but the field must have a value

Fields available:

AddressLine1	InformalName
AddressLine2	LastName
AddressLine3	MiddleName
City	PostalCode
Company	Prefix
Country	StateProvince
DelegateNumber	Suffix
Designations	Title
FirstName	

we can solve it.
