

we can solve it.

# ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2016.16

## ENHANCEMENTS

### Administrative Portal

- Added support for iMIS Web Categories. In the Administrative Portal under Products>>Products Audits and Tasks there is a new entry to manage web categories. You can create new categories, add and remove products to new or existing categories, rearrange categories and delete categories. (CW30879)

we can solve it.
