

we can solve it.

# ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2016.23

## RESOLVED ISSUES

### Dues

- Corrected issue when joining or renewing and a person uses the back button in the wizard with kitted items included and the prices on child product(s) in the kit did not update correctly. (CW33591)

### Orders

- Corrected issue with state and country validation when making ACH payments. (CW33369)

### General

- Corrected issue with coupon rounding that would generate an error indicating that the amount charged to the credit card does not match the amount charged in iMIS. (CW33628)

we can solve it.
