

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2017.02.8645

RESOLVED ISSUES

Dues

- Corrected issue where, in some cases, the 'Always Show' setting on dues product types in the ATS_DUES table was not being honored. (CW34575)

Events

- Modified web services to not allow a Store_Kit_Event to be put into the cart with a quantity greater than one. (CW34956)
- Corrected issue the caused an object reference error when adding an event kit to the cart. (CW34982)

we can solve it.
