

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2017.29.9059

ENHANCEMENTS

General

- Enhanced Coupon Functionality – coupons can now be applied to multiple categories. The Coupons.Coupon_Category field has been changed to be multi-select you can have any combination of coupon categories (dues, events, orders, subscriptions, freight, handling, shipping). (CW38575, CW37435)
- Personal Coupon Display – Added the ability to display coupons available to a customer on the view cart page. The coupons displayed will only be those where the ID is included in the Ship To Restriction field on the coupon. Can be a single ID or a comma-separated list of ID's. (CW37453)
 - New Store_Settings
 - ShowPersonalCoupons – True/False setting to turn on this functionality.
 - lblCoupon – Word(s) that will be using in the Marketplace when referring to the coupon.
 - lblPersonalCouponHeader – Header text for the coupon popup for personal coupons.
 - lblPersonalCouponInstructions – Text displayed on the coupon popup for personal coupons.
 - lblPersonalCouponFooter – Footer text for the coupon popup for personal coupons.
 - lblPersonalCouponLinkText – Text that displays on the view cart page to pop-up personal coupons box.
- Added support for the 2017 General iMIS release. (CW38090)

RESOLVED ISSUES

General

- Modified the way the Online Marketplace processes transactions to bridges to only process for bridges the customer is licensed for. (CW38592, CW38552)
- Corrected issue with coupon generator in the Administrative portal not saving changes. (CW38575)

Dues

- Updated code to not send an email to staff when someone tries to print an old dues receipt for which the product(s) have been deleted. (CW39024)
- Made updates to Subscriptions object in wsdl. (CW38959)

Orders

- Corrected issue with display of watermark on newer PDF files. (CW39023)
- When displaying the description of a master product in the brief listing (searchresults.aspx) if the ShowProductDescriptionBrief setting was set to false the description of the master product was not displayed. A
