

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2019.18.10093

ENHANCEMENTS

Events

- Enhanced performance with carts with multiple registrations. (CW50588)

RESOLVED ISSUES

General

- Correct issue with the Clear Impersonation button not working in the administrative portal. (CW51914)
- Correct issue where Personal Coupons link appeared when a customer had no personal coupons. Also made a stylesheet modification to ensure default style works with RiSE sites. (CW51916)

Billing

- Corrected issue when setting a dues product category on a coupon. The Restricted to Product Cat field in the Coupons table can be restricted to the 6 dues product categories of DUES, CHAPT, SEC, MISC, SUB and VOL. Multiple categories can be added to the restriction by separating them with a comma and no space. (CW51200)

Events

- Corrected issue when viewing a registration in the cart when ShowEventFunctionsAtCheckout that the accordion display of the functions wasn't expanding. (CW51612)

we can solve it.
