

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2019.31.10424

ENHANCEMENTS

Administrative Portal

- Enhanced Product Images audit under Products to view product images and whitelist domains. (CW53097)

RESOLVED ISSUES

Orders

- Modified encryption method of watermarked PDF electronic documents to support newer Acrobat versions. (CW53027)

Administrative Portal

- Corrected issue with false-positive in the administrative portal for AutoDraft licensing. (CW53024)
- Modified storeadmin page to use the store admin wrapper instead of the store wrapper. (CW53062)
- Modified Refresh Web Server Variables utility in the administrative portal. Clicking the link to Refresh Web Server Variables will clear the cache for all users of the system without an application pool recycle. (CW53091)
- Correct issue when using the import coupons feature. (CW53221)

we can solve it.
