ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: **2019.48.10666**

RESOLVED ISSUES

General

- Modified how bridges are integrated into the Online Marketplace to address issues with bad links. Also, moved setting of bridge settings to optimize records with many orders. (CW55793)

Events

- Removed blank line that displayed on event detail page if Store_Event_Function_Resources or Store_Event_Meeting_Resources general lookup table functionality is not used. (CW55759)
