

we can solve it.

# ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2020.24.10980

## ENHANCEMENTS

### General

- Update Name data populated on payment screen to compensate for special characters like trademark or registered symbols. (CW59813)

## RESOLVED ISSUES

### General

- Correct display of images in Featured Items when the image is added from the staff site. (CW59454)

### Billing

- Corrected issue with renewals when you can change your member type if the dues renewals are setup where you are eligible for more than one row in the ATS\_DUES table, and those rows have different billing cycles, and you were billed for items in one but not items in the other, you could see a blank screen when going through the dues wizard. (CW58910)
- Corrected an issue where not all dues products were showing when a user can select from multiple billing cycles. (CW58440)
- Corrected an issue where a user is eligible for multiple rows in ATS\_DUES and those rows use different billing cycles and items were paid in one billing cycle but not the other(s). (CW58421)

we can solve it.
