

we can solve it.

ATS ONLINE MARKETPLACE RELEASE NOTES

VERSION: 2020.28.11044

ENHANCEMENTS

Billing

- Improved performance when generating the list of records a contact can pay dues for. (CW60422)

General

- Cleaned up error reporting on image errors when an image has not been whitelisted; these error messages will only be sent once per application pool recycle. (CW60293)
- Integrated the ATS Onstream Media into the Online Marketplace. (CW55751)

RESOLVED ISSUES

Billing

- Corrected issue if a row in ATS_DUES had asterisks in all of the 'START' fields (Start_Member_Type, Start_Billing_Category, Start_Status, Start_Chapter) an error would display. (CW60130)
- Corrected issue when a record was not eligible for any JOIN or RENEW rows in the ATS_DUES table the Not_Eligible_Text in the 'catchall' row was not displaying. (CW60421)

we can solve it.
