- Attendees are muted to reduce background noise
- Remember to ask questions via the **Questions** panel
- Questions will be answered during Q&A after presentation is complete

Application

Customizable submission forms to collect proposals and application data.

Review

Reviewing portal to judge and select winning proposals.

Administration

Create dynamic reports, schedule smart emails, and build interactive schedules to suit the needs of your program.

- Common use cases: abstracts, awards, scholarships, fellowships, grants, events

Who Does OpenWater Work With?

- Create a submission form to collect abstracts or proposals
 - Submission form can automatically pull information from iMIS using the ATS Bridge
- Assign submissions to reviewers to select best options
- Build sessions
 - Give individual chairs the ability to select which abstracts they want for their sessions
- Use reporting engine to create an abstract book that auto populates with desired information
- Use the session scheduler to plan rooms, time slots, lunch breaks, etc.

Collect Papers/Abstracts/Proposals

- Single Sign On: Submitters can log in to OpenWater submission forms using the same username and password as their iMIS account
- Verifying Eligibility / Membership Status to Submit
 - Make sure someone has registered for a conference before they can submit a paper
 - Ensure membership dues are up to date
- Author Look Up
 - Easy to add additional presenters based on information from an IQA query
 - Ensure other authors / presenters are allowed to present
- Bi-directional Data Transmission
 - Pull data from iMIS accounts and use it to populate fields in the submission form.
 - Push data back to iMIS to keep track of proposals, designations, **payments**, etc.

Single Sign On

HOW IT WORKS

- Use your existing iMIS Login Page
- Upon successful sign in, user is taken to OpenWater
- If a user is not supposed to participate, we can stop them at this step with a message such as ***“Your dues have not been paid”***

Author Look Up

Additional Presenters

Please indicate whether there will be additional presenters for this session.

If you are submitting a session proposal and will not be the presenter, you will be marked as the OWNER of the session.

Yes, there will be additional presenters for this session

No, I will be the only presenter

Add Presenters

Presenters	Action
No Presenters have been added. Click on Add Presenter below.	
<input type="button" value="Add Presenter"/>	

If you don't see the person you're looking for, they may need to create an account with AACRAO. Please contact us at consulting@aacrao.org.

Comments

HOW IT WORKS

- Use an IQA to filter what data is available to OpenWater
- Within OpenWater, the submitter can search and pull information as they assemble their abstract

- AAPOR uses OpenWater to collect 1000+ proposals for their annual conference, with a bridge to iMIS working in the background
 - Submitters and reviewers log in with their AAPOR iMIS credentials
- Once top proposals are selected, AAPOR session chairs use OpenWater to plan 126 individual sessions
- AAPOR conference chairs use the scheduler to assign each session to a room and time slot
- AAPOR also uses OpenWater to create a public gallery of all their conference abstracts, organized by session

Association Technology Solutions

OpenWater

- Single Sign on with iMIS
- An IQA query allowing OpenWater to pull proposer information from iMIS into OpenWater.
- Ability to search iMIS to add additional speakers to proposals
- Ability to push activities back into iMIS for proposers and speakers.

- Installed on your iMIS application server or can be used in the cloud
- Works with all versions of iMIS
- Is based on the iMIS API's and is upgradable as iMIS upgrades
- Leverages standard iMIS features such as IQA queries
- Takes planning to decide what groups to use and what information to pass
